was a civilian employee of the Office of Strategic Services. As you may know, OSS was terminated effective 1 October 1945 pursuant to Executive Order 9621 of 20 September 1945.

I have asked the Director of the Strategic Services Unit, the custodian of OSS records, to determine who has the authority to issue corrected citations. If for some reason corrected citations cannot be issued. I have asked that he verify from OSS flies the citations awarded to and issue two appropriate certificates of authoritation: one for inclusion in the other for forwarding to you for transmittal to the other for his records.
